### Temporary Mobile Home/RV Permit

Per Section 5-11.4(6) and Section 5-12.2 (d), a temporary permit may be issued by the City Council to park or maintain a mobile home/RV only after a Public Hearing is held and the City Council determines that such permit is in the best interest of the city under the following conditions:

- a. Mobile home/RV is to be occupied, rent free, by a blood relative, within the 2<sup>nd</sup> degree of consanguinity, of a person, or the spouse of a person who owns and occupies a single-family home on the parcel of land which the mobile home is to be placed; or
- b. The mobile home/RV is to be used exclusively as an office during construction; or
- c. The mobile home/RV is to be occupied as a residence during the period of construction, under an existing building permit, of a home by the applicant.

No significant harm to the interests of adjoining or nearby landowners will result if such permit is granted and special circumstances exist which will result in undue hardship to the applicant if such permit is not granted.

This permit shall be temporary and will not exceed a period of one year. The applicant will pay to the City a fee of \$5.00 monthly for each month that the permit is to remain in effect and it is the responsibility of the applicant to notify the city upon removal of the temporary mobile home.

A permit shall be renewable and shall be subject to revocation at any time that the City Council, at its discretion, determines that the conditions under which it was issued have materially changed or the revocation is required to protect the health, safety or welfare of the citizens of the city.
