APPLICATION FOR SMALL SCALE COMPREHENSIVE PLAN AMENDMENT

(CITY OF PARKER)

A: Applicant information:

1. Owners Name: Janet Hurley, as Trustee of the Paul A. Hurley Revocable Living Trust; and Davis Reed
2. Mailing Address: 935 Pitts Avenue, Panama City, Florida 32404; and 937 Pitts Avenue, Panama City, Florida 32404

6. Agent's Phone: 850.763.5368 (ext 2)

B: Requested Amendment:

The applicant herein is desiring to use the vacant property as described above as a condominium site or an apartment complex, consistent with the land use district Mixed Use 2 (MU-2). Currently, the property is designated as MU-1, which includes condominium as an allowable use (See 4-5.2(2)(b)). However, the developer desires to increase the amount of residential units to that allowable under MU-2.

C: Property Information:

935 Pitts Avenue, Panama City, Florida 32404; and 937 Pitts Avenue, Panama City, Florida 32404. These two parcels would be used for the development. Currently Ms. Davis is under contract to sell to Mr. Reed, however, until the sale closes, they are seeking approval jointly, for their respective lots. (to the extent the city of parker would like a second filing fee or to file a second application, the applicant would be happy to do so.

a) Location in relation to surrounding physical features such as streets, railroads, water bodies, etc. Names of all adjacent streets and other physical features must be shown.

b) North direction arrow.

c) Township, Range and Section

d) Existing designated use of the site and all adjacent properties, as shown on the Land Use Map.

e) Dimensions of the site (length, width, etc.) in linear feet.

f) Size of the site in square feet or acres.

g) The type of development proposed for the site; the general location of such development of the site, and; the size (square feet) of the proposed development.

E: Justification:

The property at issue under this application is beautiful waterfront property that could make an exceptional site for a condo or apartments. The city of Parker (and the whole county) is exploding with growth, and is very limited in quality housing following Michael and the hard years that followed. The only current existing zones for MU-2 in Parker are located between Pitts Bayou and East Bay, an area that is largely already developed. The current land use would allow an apartment complex or a condominium, but would limit the proposed residential units to fifteen (15). However, under a land use designation of MU-2, the applicant would be able to develop the parcel with an additional ten units, for a total of twenty-five (25). Interestingly, the maximum building heights, and lot coverage limits for MU-1 and MU-2 are identical. As such, it appears that the applicant could build functionally the same building footprint in MU-1 or MU-2, with the only limitation being the amount of units the building footprint would include. Thus, increasing the

allowed density for this project will maximize the benefit to Parker and its residents, while also allowing the same building size to be built, with a greater number of homes for individuals, families and military members. More units for Parker residents benefits everyone as we rise from the ashes of Hurricane Michael.

3. Storm Water Control:

The developers of this project anticipate spending a large amount of funds on detailed site plans, surveys and architectural documents which will reflect elements of storm water control, in addition to the precise location of improvements on the property. At this juncture, the developers are prepared to work with the City, County and State as necessary to have a property that is fully compliant with the rules and regulations that apply to it. As such, the extent of the Storm Water Control plan is to comply with all applicable rules, and be able to provide a more detailed control plan after this phase of approval.

HONORABLE MAYOR KELLY
PARKER CITY COUNSEL

(Sent Via Hand Delivery)

RE: 935 & 937 Pitts Avenue, Potential Development, Small Scale Comprehensive plan amendment requested.

Dear Mayor Kelly, Council Members and Reviewing Staff:

I have the pleasure of representing local landowners Davis Reed and Janet Hurley. They have asked that I submit a Small Scale Comprehensive Plan Amendment request to you for the purpose of developing 935 & 937 Pitts Avenue in Parker. They would like to build a condominium on the properties, which is allowed by the current Land Use Designations. However, they desire to have the property's designation changed from MU-1 to MU-2. As stated in the application, this change would merely allow the developers to build more units, in the same footprint that appears to currently be allowed under the MU-1 designation.

As to the form of our application, I must apologize. For some reason, we have just had no luck filling in the application electronically. Because of these issues, we recreated and retyped the application onto a fresh document, that does not feature Parker's logo, but does have identical contents. I apologize for this deviation from the norm, and ask that you not hold the form of our application against my clients.

We are hopeful that you will agree that more housing is in the best interest of everyone in Parker, and we look forward to working with you on this matter.

Respectfully,

Stephen Syfrett, Esq.
