Section 1. Comprehensive Plan Amendment.

Policy 1.1.1 of the City of Parker Comprehensive Plan is hereby amended as follows:

Policy 1.1.1: The City will regulate land use through designation of land use districts on a Future Land Use Map. The Future Land Use Map shall be used to determine the location and extent of development within the City consistent with conservation of natural resources and availability of public facilities and services. Land use districts depicted on the Future Land Use Map shall be the following:

1. Residential District (RES)

   (a) This district provides areas for the preservation or development of low-density neighborhoods consisting of single-family dwelling units on individual lots. Uses allowed within this category include residential lots and subdivisions, public education facilities, educational uses, and neighborhood parks.
   (b) Density - No more than five dwelling units per acre.

2. Mixed Use District (MU) Districts

   Mixed Use districts provide areas for medium to high density residential development and low intensity commercial development. The mixed use districts are specifically intended to provide flexibility in the planning and permitting process by allowing a range of land uses within one district. Emphasis is on performance mitigation such as landscaping, fencing, lighting, noise standards, etc. to promote compatibility among land uses while also providing property owners with a range of options for use of their property.
   There are two mixed use districts: Mixed Use One (MU-1) and Mixed Use Two (MU-2). The specific standards are as follows:

   (a) Mixed Use One (MU-1) District
      (1) Residential.
         a) No more that fifteen (15) dwelling units per acre.
      (2) Non-residential.
         a) The maximum Floor Area Ratio (FAR) shall be 1.0.

   (b) Mixed Use Two (MU-2) District
      (1) Residential.
         a) No more that twenty-five (25) dwelling units per acre.
      (2) Non-residential.
         a) The maximum Floor Area Ratio (FAR) shall be 2.0.

   Mixed use developments may have more than one use on one parcel and more than one use in a building as allowed in the Land Development Regulations. Where there is a mix of residential and non-residential uses within a building, the height restrictions for residential shall apply, the Floor Area Ratio restrictions shall apply to the combined residential and non-residential building area, and the dwelling units per acres restrictions shall not apply.

Parking reductions and/or shared parking arrangements may be granted to projects that demonstrate the parking required will meet daytime, evening and weekend parking demand.

3. General Commercial District (GC)

   (a) This district provides areas for high intensity commercial development including retail sales and services, wholesale sales, shopping centers, office complexes, light manufacturing under certain conditions and other similar land uses. Uses allowed within this category include but are not limited to mobile home parks and subdivisions, educational uses, public buildings and grounds, and public and private recreation facilities.
   (b) The maximum Floor Area Ratio (FAR) shall be 1.5.

4. Recreation District (REC)

   (a) This district provides recreation areas open to the public. Uses allowed within this category include public parks, open space, refuges, ballfields, public ways and other such activities intended for public recreation, educational uses, public buildings and grounds, and private outdoor recreation activities.
   (b) Floor Area Ratio (FAR) 1.0.

5. Conservation District (CON)

   (a) This district provides areas for protection and conservation for natural resources and locally designated environmentally sensitive resources.
   (b) Conservation districts shall include areas which contain: jurisdictional wetland/marsh; seagrass beds; flood zones; estuarine water bodies and shoreline; and, that portion of Martin Lake located within the City.

6. Public/Institutional District (PI)

   (a) This district provides areas for public buildings and grounds, churches, cemeteries, institutions, and other similar land uses. Uses allowed within this category include educational uses, public facilities and grounds, and public parks and recreation facilities.
   (b) Intensity - For buildings and structures, no more than 90% lot coverage as determined by dividing total impervious areas by the gross area of the site or lot.

Section 2. Severability.

If any provision or portion of this ordinance is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this Ordinance and the City's Comprehensive Plan shall remain in full force and effect.

Section 3. Copy on File.

An official, true, and correct copy of all elements of the City of Parker Comprehensive Plan, as adopted and amended from time to time, shall be maintained by the City Clerk or his or her designee.

Section 4. Effective Date.

The effective date of this Comprehensive Plan Amendment shall be: the date a final order is issued by the Department of Commerce finding the amendment to be in compliance in accordance with Section 163.3184, F.S.; or the date a final order is issued finding the amendment to be in compliance in accordance with Section 163.3184, F.S.
