VARIANCE APPLICATION VARIANCE REQUEST QUESTIONAIRE

1- There is a specific hardship affecting the development of the property resulting from the strict application of the provisions of these Regulations. YES ✓ NO_____ Please explain below:
The requested placement is more efficient for the landscaping and ground maintenance. Pole barn will not have a permanent foundation, but rather "earthen" underneath. The water view has been greatly reduced by homes, fences and pole barns around us. It is important not to add more structures that will interfere with water views.

2- The hardship is not a result of the actions of the owner and is not based solely on a desire to reduce development costs. YES ✓ NO_____ Please explain below:
The requested placement does not go outside of state regulations of a structure being within 10' of any dwelling on the owners property or the properties of adjacent owners.

3- The proposed variance is necessary to preserve a substantial property right where such property is generally available to other property owners of adjacent or nearby properties or other properties in the land use category. YES ✓ NO_____ Please explain below:
The requested placement does not interfere with any access of adjacent property lines.

4- The proposed variance will not materially increase congestion on surrounding streets, increase the danger of fire or other hazards or otherwise be detrimental to the health, safety or general welfare of the public. YES ✓ NO_____ Please explain below:
This variance will in no way increase congestion on surrounding streets. It will not increase danger of fire nor any other hazards that would be detrimental to health, safety, welfare of the public. It is 10' away from any house (inhabited structure).

5- The proposed variance will be compatible with adjacent and nearby development and will not alter the essential character of the land use district. YES ✓ NO_____ Please explain below:
The variance is compatible with the surrounding area and will blend perfectly with the character of the house and the adjoining properties and neighborhood.

6- The effect of the proposal variance is consistent with the purposes of the Regulations. YES ✓ NO_____ Please explain below:
Since the regulations are intended (paraphrasing) to protect structures + people and also help make the City of Parker a place that has well-landscaped dwelling and to reduce/eliminate eyesores that make Parker look shabby while at the same time protect public safety and enjoyment of beautiful water views. It is consistent

7- The effect of the proposed variance is consistent with the Comprehensive Plan. YES ✓ NO_____ Please explain below:
City of Parker's Comprehensive Plan seems to be aimed at the betterment of the community. Safety protecting waterfront views, upgrading the Community AESTHETICALLY which will increase all property values and will attract new buyers who want to live in a well-kept Community to be enjoyed and be proud of.

CITY OF PARKER

VARIANCE APPLICATION NOTIFICATION TO AFFECTED PROPERTY OWNERS

The applicant agrees that the City has the right to post a notification sign on the property, visible from the roadway, identifying the date, time, and location of the meeting of the City Council to consider the variance application. The applicant agrees to ensure that the sign is continually posted on the property until after a final decision of the City Council on the variance request or the application is withdrawn. After the meeting, the City shall have the right to remove the sign, restoring the surfaces of the property to its former natural state.

REQUIRED SIGNATURE

I have read and understand all information provided in this application, the requirements listed within the application and agree to provide the necessary information requested by the City of Parker. The information I have provided on this application is true and correct to the best of my knowledge.

I understand that this application will be heard in a public meeting by the City of Parker City Council, the Parker Land Development Code shall govern the procedure of the decision.

I understand the Parker City Council cannot issue variances for the requirements of the City of Parker Comprehensive Plan. Changes to the Comprehensive Plan require a submittal of a Comprehensive Plan amendment application. (Applications are available at the City of Parker.)

I understand the City Council shall not vary the requirements of any provision of Ordinance 90-177, Parker Comprehensive Planning and Land Development Regulation Code, unless it makes a positive finding, based on substantial competent evidence on each of the finds contained in he variance application.

FLORIDA STATUES 837.06-FALSE OFFICIAL STATEMENT

Whoever knowingly makes false statement in writing with the intent to mislead a public servant in the performance of his official duty shall be guilty of a misdemeanor of the second degree.

City Planner

1001 WEST PARK STREET • PARKER, FLORIDA, 32404
TELEPHONE (850) 871-4104 EXTENSION 1003

Subject: 4705 E. 6th Street

The property owner at 4705 E. 6th Street has requested a variance to allow a decrease in the setback allowance for the property. The owner would like to place a 20x12 open pole barn next to existing shed with 3 feet between the structures.

The City of Parker will hear the variance request initially at the City Council meeting on November 19th, 2024 at 5:30 pm.

We are notifying surrounding neighbors that may be impacted by any approval of a variance to the Land Development Regulations (11-22)

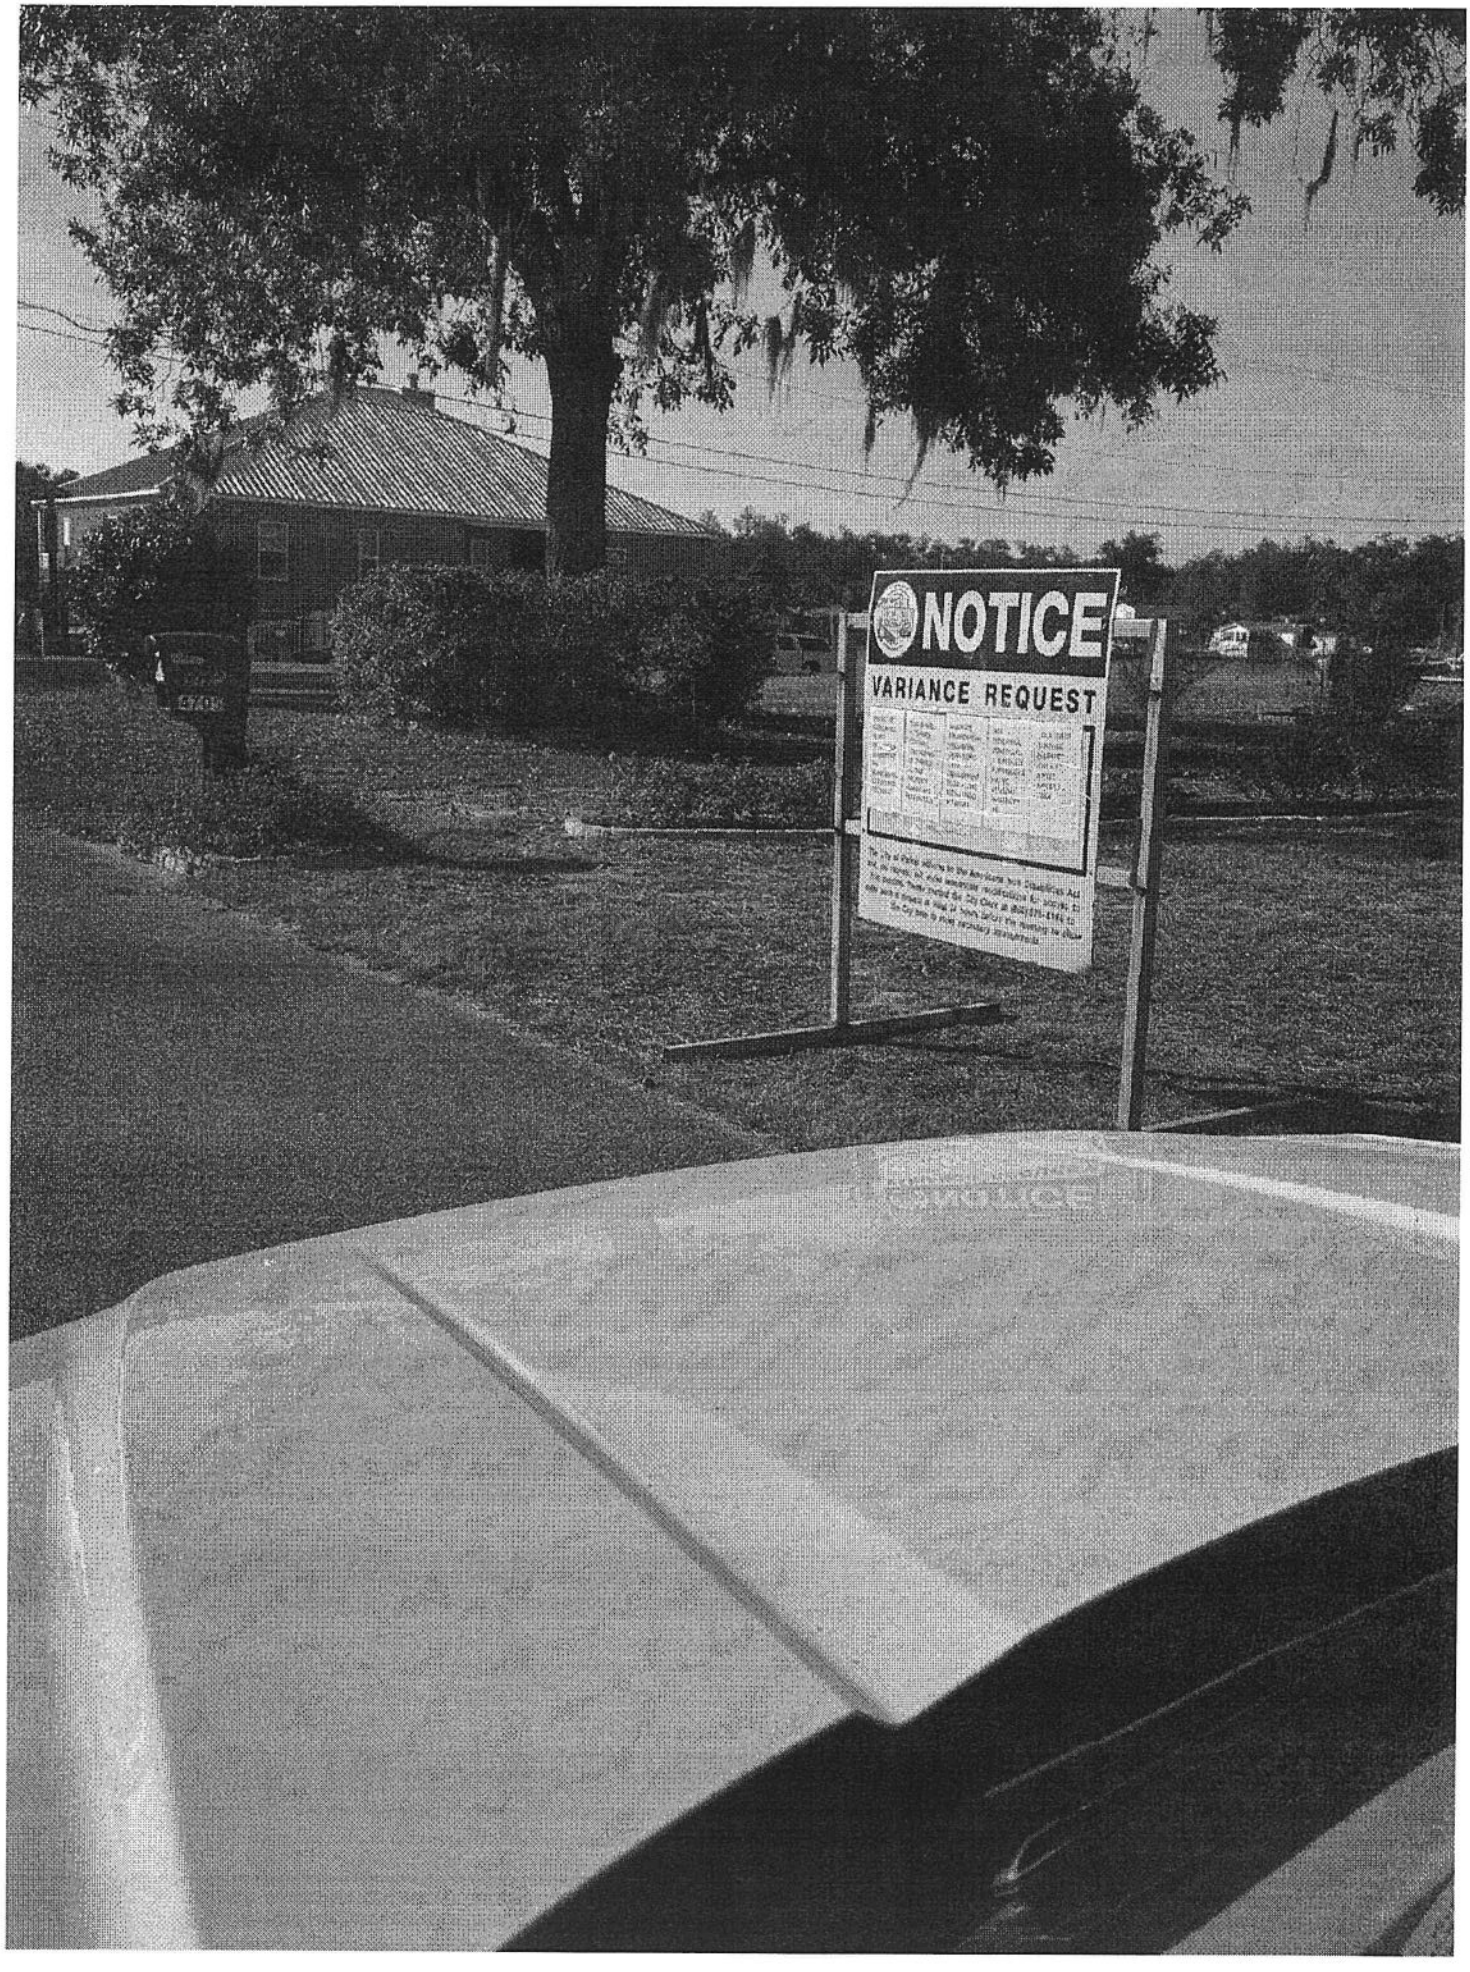

You are invited to speak at the meeting on the proposed variance

Thanks and have a great day
