Regular Agenda-

Discussion on sports park rebuild. Mr. Summerlin met with contractor last week and the surface of the courts are a concern. Overlaying the courts will probably on last about 2 years before cracks reappear and corners of courts are sagging. Recommend new foundations and could relocate at this time. To demo and move tennis court will be \$66,220 and to demo basketball court would be \$30982 and add more base to additional court for a total of \$111,000 approximately.

Discussion about distance of tennis courts from road, would like to see green spaces between courts, dog park, etc. for sidewalks. BCL would need additional 21 days to complete project with moving the tennis courts. Money will come off the total project, city will need to find more money to cover the costs. Fencing currently around each court, pickle ball will most likely need a fence between each court for safety.

Motion by Ms. Galbreath and seconded by Ms. Barrow to make change order to include the \$1110000

Barrow – aye

Chaple – aye

Galbreath – aye

Mayor Kelly – aye

Ms. Galbreath asked one more question, will FEMA need to approve? Mr. Summerlin will need to submit GIS coordinates to FEMA in the existing approved project. Building and other additions will need to have prior approval because they were not there prior to the storm.
